DISPATCH FROM THE COURTHOUSE

The SAR 135th Annual Congress met 12-18 July in Uncasville Connecticut. The event was marked by business meetings, vendor booths, formal banquets, outings to historical sights, election and installation of new officers, award ceremonies, youth oratorical presentations, colonial dress, color guard pageantry, and more.

As both a North Carolina delegate and a volunteer staffer at this meeting, I had a unique inside view of how this large event is organized and operated. We will be having the privilege of hosting the Annual Congress celebrating the USA 250th anniversary in just 10 short months here in Greensboro. Mark your calendars!

"WE FIGHT, GET BEAT, RISE, AND FIGHT AGAIN!"

-MAJOR GENERAL NATHANAEL GREENE

VP Dave Olson presented “The Christian Foundation of the American Revolution” at the 08 July chapter meeting. He explained the centuries-long development of the political theory which we now call democracy and how it was rooted in Christian theology . Particularly, the protestant reformation spawned the colonization of North America, especially New England and the Carolinas. Protestants formed the backbone of the military struggle against Great Britain.
